

### 3mm Bleed area

This will be trimmed off during the finishing process.

### 8mm Safe Zone

Place all text, images (unless you want them to bleed), or important graphics within this area to avoid them being trimmed off during the finishing process.

### Trim Line

This is the finished size of the page.

### Spine

This is the edge of the book, to determine the width this needs to be, use our Spine Calculator located at: [undercoverprint.com/spine-calculator/](http://undercoverprint.com/spine-calculator/)

### Inside Spine

This is where the pages are bound onto the cover. Anything printed here will not be visible, and should be left blank.
